

Instagram Leads Extractor Pro

Setup

Unzip the main file, from the folder release run **Instagram_Leads_Extractor.exe**:

First step is setup the Main settings, enter the main keyword , phones country:

The screenshot shows the 'Instagram Leads Extractor Pro' application window. On the left is a sidebar with four menu items: 'Main Settings' (highlighted), 'Browser Settings', 'Export Settings', and 'Ready'. The main content area is titled 'Main Settings' and contains the following configuration options:

- Keywords :** 0 Keyword(s) with a yellow **Edit** button.
- Search Engine :** Google Of United States (dropdown menu).
- Country :** Afghanistan (+93) (dropdown menu) with a link [add city code](#).
- Emails Type :** @gmail.com (dropdown menu).

A yellow **Next** button is located at the bottom right of the main content area.

Now Go To Browser Settings, you can set the browser, the number of pages to scrape for each keyword and the waiting seconds :
